

Ripon High School

School Site Council Minutes

November 26, 2018

I. Meeting was called to order at 5:34 by Keith Rangel.

II. Present: Keith Rangel, Julie Betschart, Geoffroy Felver, Adam Giedd, Melissa States, Victor Ramirez, Mia Benzinger, Hailey Bogetti, Ann Pendleton

Not present: Robert Kissee, Natalie Betoshana, Shawna Valdez, Elaine Clark

III. Approval of minutes. Minutes were distributed to all present and read. Geoffroy Felver made

motion to approve minutes of the September 26, 2018 meeting. Julie Betschart seconded the motion. Minutes were unanimously approved.

IV. LCAP We reviewed the feedback from the last meeting.

- Mrs. Pendleton brought up the new curriculum needs in the future and the possible need for 1 to 1 devices in all science classes depending on the type of curriculum we adopt

V. Safety Plan

- Mr. Ramirez shared the Safety Plan
 - Major updates are new staff on site and district staff and their contact information
 - We have already had lockdown, fire, and earthquake drills during the current school year
 - We will have another drill during the year during a non-class time (during a break)
 - Flip chart was shown that can be found in every classroom. Procedures are outlined for every situation found in the Safety Plan.
 - Each classroom has a safety bucket with supplies. Ms. Betschart brought up that the buckets should be checked every 24 months to make sure supplies are up-to-date and complete. Andy Strickland is our district safety coordinator. He will be contacted regarding bucket maintenance.
 - Staff members should be asked about buckets to make sure everyone is in possession of one.
 - Air quality is also a concern and is monitored daily. We currently are unaware of an official district guideline regarding the maximum AQI that would warrant schools being closed.
- Melissa States made a motion to approve the Safety Plan. Geoffroy Felver seconded the motion. The motion unanimously passed.
- Mr. Rangel shared about drill procedures and capabilities as far as conducting drills
 - Discussion was held regarding what students should do with phones

- The Binder with the Safety Plan is located in the office and anyone can look at it if they request it.
 - Question came up regarding staff members with health issues and if anything is in place regarding their conditions if additional support is needed
 - Safety committee meets weekly comprised of a variety of district staff members
 - If drills happen at campuses in close proximity (e.g. Ripon Elementary, Ripon High, District Office, Harvest High), drills are done at the same time
- Additional discussion:
 - Vaping was brought up. Staff went through a training with Detective Francis from Ripon PD. Mr. Ramirez also outlined the discipline procedures regarding students caught with vaping devices or vaping at school
 - There will be a parent presentation on vaping in January. Mr. Rangel wants to be more proactive and is working with Sheri Coburn from SJCOE. It seems that Ripon High is being much more proactive regarding the vaping problem than other districts in the area based on discussions with other administrators and educators in the area.

VI. Love Ripon

- Mr. Rangel met with the Love Ripon committee and Vince Hobbs this afternoon. They came to Mr. Rangel and asking what we need. Mr. Rangel will meet with various committees and stakeholders. What are some ideas (projects/resources/mentorship opportunities) we have here at Ripon High School?
 - Hailey Bogetti said our campus (on the outside) is plain. It would be nice to recruit students (we have a lot of talent on campus) to help.
 - Possible murals on buildings
 - Amphitheater needs TLC
 - Added parking spaces potentially north of the North Gym between current handicapped parking area and baseball field
 - Plants around campus
 - Painting locker rooms

Meeting was adjourned at 6:30 p.m.

Future meeting dates: March 11, 2019
May 13, 2019
