- Cole Stevens is our Student of the Week! Cole is a junior and has a 4.0 GPA. He is involved in basketball and golf. In his free time he likes to hang out with friends and workout. Teleportation would be the one superpower he would have. If Cole could have one meal for the rest of his life it would be lobster, steak, and mashed potatoes. In his future he sees himself getting out of college and starting a family. Keep up the hard work!/Mortensen
- This week's Athlete of the Week is Rachel Sausedo! She is a freshman and has a 4.0 GPA. Rachel is involved in volleyball and basketball. If she could travel anywhere it would be Hawaii because she has never been there. In Rachel's free time she likes sleeping and spending time with friends. Her most bizarre talent is she can roll into a ball like an armadillo. Her biggest pet peeve is when Gracyn talks about herself. In 5 years Rachel sees herself playing volleyball in college./Mortensen
