V. API

Mr. Morrow informed SSC members that RHS API is 789 which is 9 pt. improvement from last year. We are moving forward to hopefully push us over the top and reach our goal of 800. He provided and discussed the API graph which shows our previous scores and improvements and comparison to other schools.

VI. Renaissance

Mr. Morrow reviewed and discussed a graph regarding the “Percentage of Students improving or Advanced on CST” which shows that we have made great improvement on our CST scores.

We also discussed the rewards students receive when they qualify for the renaissance program. Based on their GPA they can receive a Gold card (4.0+), Red Card (3.0+) and a White card (0.5 improvement). Each card has its own rewards.

Mr. Morrow explained that we are no longer having the Great America trip, instead we reward students that scored advanced with a Pool Party and movie ticket. Students who improve one band on any of the CST tests receive a movie ticket. It was a great success last year and we are doing it again this year. We are looking at getting 357 movie tickets this year.

VII. School Plan Input

Mr. Morrow went over the Single Plan for Student Achievement information with the SSC members. Funds are already allocated, however, in regards to the fund for Aide; he suggested we use that money towards getting a ½ day EL aide in the classroom. Before hiring someone, he just wants to make sure those funds will be guaranteed every year.

We will have more discussion at our November meeting.

VIII. Other

None

Mrs. Ramirez moved to adjourn meeting and Mr. Morrow seconded. Motion passed.

Meeting adjourned at 6:30 p.m.
